Girls Vote Dishwashing 'Most Disliked Chore'

ITHACA, N. Y. — The distinction of being "the most disliked household chore" has been conferred upon dishwashing by 4-H club girls recently polled by New York state extension specialists. Only 14 of 172 girls interviewed reported they did dishes voluntarily, while 71 washed them only because they "have to." Others hinted they would not mind so much if they were paid for it.

Ironing, table setting and bed-making were voted "best liked."

A project designed to make the routine job of dishwashing more pleasant for junior homemakers is now under way, it was announced.

Ill 13 Years With Sleeping Sickness, Girl of 16 Dies

BALTIMORE. — Death ended 13 years of sleeping sickness for Yvonne Fischer, 16 years old, said Dr. Nathan H. Spfritz, who had been her physician all through the illness. He said the care Mrs. Mortimer Fischer had given her only child over the years was "remarkable."

"Leah just shut herself out from the rest of the world and sat at Yvonne's bedside," said the father, a furniture dealer.

Dr. Spfritz said Yvonne was "dazed and helpless" all through her illness. She never passed into a deep coma, but at no time was she able to carry on a conversation or walk.

At times a nurse was brought in to aid Mrs. Fischer. In recent weeks Dr. I. Newton Kugleman, New York specialist, had been called in as consultant.

Veteran Colorado Physician Honored as 'Family Doctor'

CLEVELAND.—Dr. Archer Chester Sudan, for 21 years the only physician in a Colorado mountain county of 1,687 square miles with a population of about 1,000, has been named as the family doctor of the year by the house of delegates of American Medical association.

Dr. Sudan, a blond, 6-foot, 240-pounder accustomed to bobsledding over the mountainous routes near Kremmling, Colo., a village of 500 residents, recently moved to Denver because of ill health.

The award, something new in American medicine, is a gold medal and a citation for specially meritorious service to the community. It is a move to restore the family doctor to his traditional position in American life.

Deaf and blind education study legislation rejected.

Co-op phone plan submitted.

Rotenone Proves Effective For Cattle Grubs and Lice

Cattle grubs, sometimes called "warbles" or "wolves," and lice have been pests in various sections of the country for many years. Many cattle growers do not realize the extent of the losses caused by these pests.

The department of agriculture directs attention to the fact that the weakest link in the life history of the cattle grub from the standpoint of its resistance to control measures is while it is in the back of the animal. This is the time to kill it before it falls to the ground to develop into a fly which will lay more eggs to develop into grubs to infest more animals.

Three ounces of dust containing at least 1½ per cent rotenone should be rubbed into the hair of an animal at any time knots resembling marbles under the skin are to be found on its back. The treatment should be repeated every two or four weeks until all of these knots have disappeared.

Wholesale egg prices decline.

Petersburg orders study of its school system.

Uncle Sam Says

Does a $1,000 in savings seem as elusive as the rainbow's pot of gold to you? Then, think about these facts: By joining the Payroll Savings Plan where you work and allotting just $2.50 a week for United States Savings Bonds, you will accumulate $1,440.84 in 10 years. Millions of my nieces and nephews are learning from experience that they can own an even greater amount of Savings Bonds through this partial payment plan. In the event you are self-employed, automatic bond buying is available to you through the Bond-A-Month Plan at your bank.

WOOD'S HYBRID MAKES 135½ BUSHELS AN ACRE!

WOOD'S S-315 yielded 135½ bushels per acre in a 1947 official experiment station test. Increasingly, farmers are getting yields of more than 100 bushels per acre with WOOD'S Hybrid Corn.

21 years of selective breeding here in the South have made these deep-grained, large-eared "Y" Hybrids the choice of farmers in the Upper South who want storm and disease resistant corn with a high shelling percent and big yields.

FOR LOWER MOUNTAIN AREAS
WOOD'S Y-35* and Y-48* Yellow and Y-124 White Dent

FOR UPPER MOUNTAIN AREAS
WOOD'S Y-34 Yellow and WOOD'S Y-120 White Dent

FOR PIEDMONT, COASTAL AREAS
WOOD'S Y-36*; Y-45 Yellow Dent WOOD'S S-315* and Y-125 White Dent

*Recommended by N.C. Experiment Station

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken in a tonic, it should help build appetite, aid digestion,* thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did. ©

LOOK INTO THE FACTS! Help Yourself!

CARDUI

SEE LABEL DIRECTIONS

Uncle Sam Says

The kid in upper 4 captured your heart during wartime. In spirit you traveled with him toward his uncertain future on the battlefields. The kid upstairs today is yours. The "kid" may be a freckled boy or a curly haired little girl—your son or daughter who will need your help through savings to find a place in everyday life. The Payroll Savings Plan for buying United States Savings Bonds where you work is the only automatic, safe, profitable way for you to buy bonds by the installment payment method. In this way you can build the nestegg which can make the difference between wishing and having the funds for education and a secure future for your children. If you are self-employed, buy bonds automatically through the Bond-A-Month Plan where you bank.

From where I sit ... *by* Joe Marsh

Ben's Bride Gets Chickenhearted

Ben Ryder was mighty proud of his young bride when she offered to care for his new flock of baby chicks. "Just like a mother with her brood," he boasts.

Then came market time for fryers—and the crisis! Sue simply wouldn't let Ben near her chickens with an axe. She'd raised them as babes . . . she'd named them . . . they were her very own!

Ben poured himself a glass of beer, to think things over sensibly. He hated to lose the price on fryers . . . but he figured Sue had put up with *his* peculiarities, he guessed **he could put up with her fondness for the chickens.**

So now Ben has the nicest brood of laying hens in town, and from where I sit, one of the most successful marriages, too. All because he "lived-and-let-live"—literally. And whenever he wants fried chicken, he takes his bride over to Andy's Garden Tavern for a trip wing and a glass of beer.

Joe Marsh

Colored Dots

(Omitted last week)

The play "Jerry Sees the Gorilla," will be given here on Friday night, March 12, at 8 o'clock. This play is given by members of the New Farmers of America.

The Carver Chapter of the New Farmers of America was represented at the Western Federation of New Farmers of America at the Buckingham County Training School by Charles Jeffers, Deaster Johnson, Leon Lawing, Steve Russell, and High Light Four quartet.

The recent Carver P.-T. A. meeting was largely attended. The report on the health program was presented in detail by the president of the Health Committee, G. L. James. The group voted to give him a rising vote of thanks for the fine spirit in which he has worked to bring the project to a successful close. A balance of $54.65 is needed to complete the quota set up by the P.-T. A. $22.00 of that amount was collected at the meeting that night.

The musical festival sponsored by the Galilee and First Baptist Church choirs will be given on the second Sunday night in March at 8 o'clock.
